Subject: RE: Software on Handheld device - License Agreement Muckrock PD18-237

Hi Amy - I confirmed with Janine.

For PD request for a Vix document I send a request to Vix and allow them to redact any proprietary content.

Please confirm the requested document is the Licensing Agreement for the PFTP fare inspection application.

Hi Amy - looks like you are tackling a response. Please loop in Janine since she is attorney for the Vix Contract.

Thank you.

I do assume it is IP and should be withheld but I need Janine Joly, KC PAO, to weigh in before you take any action.

We got the contract from Lynn and everything looks in order for us to withhold under the intellectual property exemption. Thanks Lynn for discussing this with me. Im still reviewing and Amy Pearsall is working with me on this.

Hi Cheryl,

Please see below, can you help Q'Deene?

Subject: Software on Handheld device - License Agreement Muckrock PD18-237

I need to talk to one of you about this or can someone please send me the license agreement for this software. I have a request for the software application and I need to provide the appropriate exemption.

Thanks.

Q'Deene
